

Fire Safety and Extinguisher Course

This course is designed for personnel in all workplaces. The skills and knowledge gained through this course can be applied in a range of settings including the home and will assist in maintaining a safer workplace.

Upon completion of this course participants will have an understanding and increased awareness of fire prevention and initial response in the event of a fire through the implementation of emergency quick action guides. The units of competence are *Develop workplace fire safety awareness* and *Operate workplace portable firefighting equipment*.

Content

- How to prevent fires in the workplace
- What to do if a fire occurs in your workplace
- Safe use of portable firefighting equipment
- Practical experience in extinguishing live fires

Cost

The course duration is 3.0 hours and can accommodate up to a maximum of 20 participants where the course is scheduled specifically for your organisation. If you have larger groups that require training contact our office for course scheduling and prices.
